IMPORTANT UPDATE FOR THE BECHINOS

Beginning with Daf 8 of the test we have made the following change: As the dafim are relatively small, questions will not be limited to the shaded Rans. It will be on all Ran on the daf. Of course, the focus and goal of the questions will continue to be on the pshat /havana of the local daf. In addition, please note that all the Ran of the current daf is included in the test. For example, if the Ran on the current daf began the daf before or if the Ran continued onto the following daf, questions may also be asked on that Ran. The reverse is also true. Questions will not be asked from the Ran printed on the current daf if it starts with a divrei hamaschil from a gemara on a different daf.
